## Course Outline

Security Center: Enterprise Technical Certification		
Code	SC-ETC-001 (5.9)	
Level	Advanced	
Duration	2 days	
Target audience	Technicians, Administrators, and IT Professionals	
Prerequisites	SC-OTC-001 (5.7 - 5.9) or SC-STC-001 (5.7 - 5.9)	
Objectives	Upon successful completion of this course the participant will be able to:	
	<ul> <li>Install and configure basic Security Center features in a multi-server / multi- site environment</li> </ul>	
	Setup and configure video redirectors	
	Understand/configure Archiver encryption	
	<ul> <li>Configure Genetec server roles for high availability/failover</li> </ul>	
	<ul> <li>Understand Security Center's cloud options (Security Center as a Service)</li> </ul>	
	Install and configure a Security Center Federation	
	Install and configure a Security Center Global Cardholder Synchronizer	
	<ul> <li>Understand the available Security Center plugins for external systems' integrations</li> </ul>	
	<ul> <li>Understand and configure the available Security Center expansion options like GSC Mobile, Web Client, and Plan Manager</li> </ul>	
	<ul> <li>Design a new Security Center video management system</li> </ul>	
	Design a new Security Center access control system	
Certification	An open-book, practical exam will be given at the end of this course.

Topic	Description
Module 1: Multi-Site Architectures (2 hours)	<ul> <li>Multi-server, multi-site architecture</li> <li>Installing expansion servers</li> <li>Assigning roles to expansion servers</li> <li>Network View Task</li> <li>Video Redirection</li> <li>Media Router and Redirectors</li> <li>Routes</li> </ul>
Module 2: System security (2 hours)	<ul><li>Cybersecurity</li><li>Video encryption</li><li>(Active Directory integration – Optional)</li></ul>
Module 3: High Availability (3 hours)	<ul> <li>Failover options</li> <li>Basic role failover</li> <li>Failover with DB</li> <li>Remote database connections</li> <li>Archiver failover</li> <li>Auxiliary Archiving</li> <li>Directory failover</li> </ul>
Module 4: Security Center as a Service (1 hour)	<ul> <li>Software as a Service (SaaS)</li> <li>Platform design considerations</li> <li>Video design considerations</li> <li>Access design considerations</li> <li>Cloud Archives</li> <li>Stratocast</li> </ul>
Module 5: Federation & Global Cardholders (2 hours)	<ul> <li>About Federations</li> <li>Federation role</li> <li>Remote federation configuration</li> <li>Global Cardholder Synchronizer</li> </ul>
Module 6: Expansion & Customization (3 hours)	<ul><li>External systems' integrations (Plugins)</li><li>GSC Mobile</li><li>Web Client</li><li>Plan Manager</li></ul>
Module 7: System Design Guidelines (1 hour)	<ul> <li>Documentation</li> <li>Information Gathering</li> <li>Server Performance and Limitations</li> <li>Video Considerations</li> <li>Access Control Considerations</li> <li>Licensing</li> </ul>
SC-ETC-001 Exam (2 hours)	<ul><li>Open Book / Practical Exam</li><li>Passing grade: 80%</li><li>2 hour</li></ul>
